

DETAILING SERVICES

EXTERIOR DETAIL

Our service begins with a thorough hand washing of the entire exterior including the wheels, wheel wells and tires. We then dry and remove all tar from the body of the vehicle and apply a wax and light compound to the body, headlights and taillights. This process removes light surface scratches and minor paint imperfections, and enhances the overall appearance of your vehicle. All chrome and stainless steel trim are then treated and polished, exterior windows and mirrors are cleaned and tires are dressed.

Cars starting at **\$165** | SUVs starting at **\$190**

Please note: this service does not include clay bar decontamination, over spray/paint transfer removal or paint correction services. Additional time may be required for excessive tar removal which may result in additional fees.

- Add paint touch up services to cover rock chips and minor abrasions starting at **\$35**
- Add an Interior Express for only **\$30**

INTERIOR DETAIL

Our service begins with a thorough vacuum of the vehicle's interior followed by a careful cleaning and prep of the seats, center console, dashboard, door panels, door jambs and the trunk/cargo area. We then remove and steam clean the mats, shampoo the carpets and clean all interior windows and mirrors.

Cars starting at **\$165** | SUVs starting at **\$190**

Please note: excessive pet hair removal or heavily soiled carpets, upholstery and leather may require more time and treatment which may result in additional fees.

- Add our leather conditioning service for only **\$95**
- Add an Exterior Express for only **\$30**
